

LCM Kane "Tusks" Polybius — 05/01/2022

Sung to the tune of <https://www.youtube.com/watch?v=Wv6cN-y6ps4> I present

Rebel Kills.

I shot one, to make me look better.

I shot two, despite any resistance.

Three, four, five,  
just to clean up misfits.

Seven, eight, nine, ten,  
starting to lose count again.

Could it be that they're just frozen by dread?

Rebel, rebel, rebel kills!  
Oh!

Give me something more for my Imperial nation!

Rebel, rebel, rebel kills!

Tell me that you're more than a ship desecration!

Desecration!  
Desecration!

A quick fix, it's a cheap trick,  
Get yourself a homing blaster hit with no friction,  
You can't hit this.

Seven, eight, nine,  
I'm losing count again.

Maybe they can't fly at all!  
Wipe out every one of them!

Could it be that they're just frozen by dread?  
Rebel, rebel, rebel kills!  
Oh!

Give me something more for my Imperial nation!

Rebel, rebel, rebel kills!

Tell me that you're more than a ship desecration!  
Desecration!  
Desecration!

You can't keep up my TIE,  
Just a Bomber that you can't find.

You can't keep up my TIE,  
Just a Bomber that you can't find.

Rebel, rebel, rebel kills!  
Oh!

Give me something more for my Imperial nation!

Rebel, rebel, rebel kills!

Tell me that you're more than a ship desecration!

You can't keep up my TIE,

Give me something more for my Imperial nation!

Just a Bomber that you can't find.

Tell me that you're more than a ship desecration!  
Desecration!  
Desecration!  
Desecration!  
Desecration!
