

The Eye of Araujo (Eye of the Tiger) Song

Sing to the tune of: <https://www.youtube.com/watch?v=QEjgPh4SEmU>

Flying Out back into space
Took my time, because it lags here

Went the distance now I'm back in my ship
Just a man and his displacement device!

So many times, they try to shoot me
I change my path and blow them

Dont lose my grip on my stick of my TUG
I must fight just to keep me alive

It's the eye of Araujo
and the lag of the fight
Rising up to a Thousand MS
As the last known packet is lost in the net
and I'm watching my enemy with the eye of Araujo

Face to face, out into space
Hanging tough staying hungry
They stack the odds 'til I turn on my lag
For I kill with my skillful device

It's the eye of Araujo
and the lag of the fight
Rising up to a Thousand MS
As the last known packet is lost in the net
and I'm watching my enemy with the eye of Araujo

Rising up, straight to the top
Had the lag, got the glory
Bought a cordless, now I'm not gonna stop
Just a man and his displacement device!

It's the eye of Araujo
and the lag of the fight
Rising up to a Thousand MS
As the last known packet is lost in the net
and I'm watching my enemy with the eye of Araujo

the eye of Araujo
the eye of Araujo

the eye of Araujo
the eye of Araujo
